The Honorable Board of Supervisors County of Los Angeles 383 Kenneth Hahn Hall of Administration 500 West Temple Street Los Angeles, CA 90012

Dear Supervisors:

USE OF ADDITIONAL FISCAL YEAR (FY) 2006-07 GENERAL FUND, HOSPITAL ENTERPRISE AND SPECIAL FUNDS/DISTRICTS' FUND BALANCE IN FY 2007-08 COUNTY BUDGET (ALL DISTRICTS) (4 VOTES)

IT IS RECOMMENDED THAT YOUR BOARD:

- Approve the attached recommended changes and corresponding appropriation adjustments (Budget Adjustment Nos. 1 - 121) to the FY 2007-08 General County Budget. These changes transfer \$365.0 million from the Appropriation for Contingencies to various budgets; increase appropriation that is fully offset by revenue; and transfer appropriation from one budget unit to another or redirect existing appropriation or revenue as a result of ministerial changes;
- Approve the attached recommended changes and corresponding appropriation adjustments (Budget Adjustment Nos. 122 - 149) to the FY 2007-08 Special Funds/Special Districts Budget, which are fully offset with various financing sources; and
- Authorize the Chief Executive Office (CEO) to execute a grant agreement with the National Park Services in order to transfer funding from the Project and Facility Development Budget for acquisition of open space in Upper Solstice Canyon.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The recommended actions are necessary to budget the actual FY 2007-08 fund balances and the use of additional one-time funds, to further refine the estimates contained in the FY 2007-08 Adopted Budget, to provide sufficient appropriation to implement programs or changes in revenues, to make miscellaneous adjustments with various funds and to make adjustments for State budget changes. These adjustments could not be made prior to the adoption of the FY 2007-08 budget since the actual FY 2006-07 fund balances and funds to be carried over to FY 2007-08 were not known and more recent information has become available.

Approval of the recommended actions will authorize the Chief Executive Officer to execute a funding agreement to transfer funding from the Project and Facility Development Budget to the National Park Service for the acquisition of open space in Upper Solstice Canyon.

Implementation of Strategic Plan Goals

These actions support the County of Los Angeles (County) Strategic Plan Goal of Fiscal Responsibility.

FISCAL IMPACT/FINANCING

GENERAL FUND/HOSPITAL ENTERPRISE FUNDS

The FY 2006-07 General Fund Budget ended the year with a \$1.7 billion fund balance, of which \$1.3 billion was committed as fund balance in the FY 2007-08 Adopted Budget. This leaves the General Fund with an additional fund balance of \$365.0 million. Upon approval of the Board of Supervisors (Board), the Auditor-Controller will allocate the additional fund balance of \$365.0 million to the Appropriation for Contingencies. This additional fund balance is comprised of \$74.8 million needed as carryover for projects and programs not yet completed in FY 2006-07 that were not included in the FY 2007-08 Adopted Budget (Carryover Fund Balance) and \$290.2 million that is available for one-time use (Available Fund Balance). There is no change in the fund balance for the Hospital Enterprise Fund.

Carryover Fund Balance - \$74.8 Million Net Cost

As referenced above, we are recommending that \$74.8 million in Carryover Fund Balance be incorporated into the FY 2007-08 Final Adopted Budget. Since these adjustments are financed with fund balance, they are one-time in nature. Listed below are some of the major recommendations:

- Capital Projects A net increase of \$45.5 million in carryover adjustments to various capital projects to account for lower than anticipated expenditures in FY 2006-07 and the allocation of departmental savings including: \$0.8 million for Public Works Building and Safety office site improvements; \$0.6 million for Public Library's modular building; \$0.5 million for various Library Americans with Disabilities Act refurbishments; \$1.7 million for County Counsel's 6th Floor office refurbishment; and \$0.9 million for construction of the Assessor's 2nd Floor server room in the Kenneth Hahn Hall of Administration.
- Extraordinary Maintenance A net increase of \$3.5 million in carryover adjustments to account for lower than anticipated expenditures in FY 2006-07.
- Project and Facility Development A net decrease of \$26.5 million in carryover adjustments to reflect the transfer of appropriation for the LAC+USC Medical Center Replacement Project to the LAC+USC Medical Center Replacement Fund and to account for higher than expected expenditures in FY 2006-07.
- Homeless Prevention Initiatives Carryover of \$22.7 million in unspent homeless prevention initiatives for various departments.
- **Public Library** \$8.6 million carryover to provide one-time funding for various capital projects (\$1.4 million), \$3.3 million to be set aside in Provisional Financing Uses for future library projects and transfer \$3.9 million to the Library in one-time funding for various projects.
- Community Programs To set aside \$5.5 million in the Provisional Financing Uses budget unit for Board priority projects and programs.
- District Attorney To provide one-time funding of \$2.4 million to finance the digital archive case backlog, an Airport Courthouse remodel and the purchase of additional workstations.
- **Probation Department** To provide one-time funding of \$2.5 million for the purchase of additional vehicles and safety equipment.

- Treasurer and Tax Collector To supplement the Designation for Treasurer and Tax Collector Warehouse by \$3.4 million that will be used to purchase a warehouse for the Public Administrator/Public Guardian to replace ongoing rental space.
- Community and Senior Services To provide one-time funding of \$2.1 million for maintenance and repairs of community and senior service centers throughout the County.

Use of Additional Fund Balance - \$290.2 Million Net Cost

In keeping with County budget policy, we are recommending that the uncommitted additional fund balance amount of \$290.2 million be earmarked for projects or expenditures that are one-time in nature such as capital projects, extraordinary maintenance, one-time start-up costs or one-time purchases. The following highlights some of our recommendations that meet this criterion for the FY 2007-08 Final Adopted Budget:

- Designation for Capital Projects/Extraordinary Maintenance To supplement the Designation for Capital Projects/Extraordinary Maintenance by \$164.2 million to update the County's infrastructure needs.
- Capital Projects To provide \$61.7 million to fund a variety of capital projects including animal shelter improvements in Lancaster, Baldwin Park, and Carson (\$5.0 million), beach septic system improvements (\$4.5 million), refurbishment of the Sheriff's Biscailuz Center (\$9.9 million) and Athens Sheriff Station (\$3.0 million), increased cost for various existing projects (\$7.2 million), refurbishment of the CEO Press Area and County Channel Facility (\$2.0 million), high priority projects to be identified by Supervisorial districts (\$25.0 million) and other infrastructure improvements (\$5.1 million).
- Extraordinary Maintenance To provide \$11.2 million to fund beach water and sewer line improvements (\$1.7 million), infrastructure repairs at Whittier Narrows Recreation Area (\$2.0 million) and emergent 2007-08 repairs (\$7.5 million).
- Information Technology Set aside \$25.0 million in a general fund designation for future information technology needs.

- Healthier Communities, Stronger Families and Thriving Children (HST) To provide first year funding of \$1.5 million for the HST program and set aside years two (2) through six (6) funding (\$7.1 million) in a general fund designation. HST is a community-based service integration and community building demonstration initiative in four (4) geographic communities: Lancaster, Pacoima, Florence-Firestone and Wilmington.
- Clean Water Initiative Reflects \$7.0 million in program funding to develop a
 parcel fee proposal to support the County's Clean Water Initiative to reduce the
 flow of polluted stormwater and urban runoff from entering the County's rivers,
 streams and ocean waters.
- Public Health Outreach and Prevention Reflects \$1.2 million for methamphetamine prevention services (\$0.8 million) and syphilis and other sexually transmitted disease outreach services (\$0.4 million).
- Various Recommendations Reflects \$0.8 million for various projects including \$0.3 million for Civic Center lighting improvements and \$0.5 million for renovation of a preschool at the MacLaren's Children Center.

Redirection of Operating Resources

Since the adoption of the 2007-08 County Budget on June 18, 2007, a number of revenue assumptions have changed that require an adjustment to the budgeted levels. The housing market continues to have a general slow down in both new construction and sales of existing homes. Although we did not see an impact to our projections on property tax revenues based on last year's actual receipts, it appears to be having an impact on other revenues that the County receives in the area of Vehicle License Fees (VLF) realignment revenues and Proposition 172 sales taxes. The total of these revenue reductions to the General Fund is \$43.1 million and are being addressed through a combination of increased interest earnings revenues (\$20.0 million) and the redirection of existing budgeted resources (\$23.1 million).

Highlighted below are the major issues:

Sheriff Custody - Reflects increases in the Sheriff's Custody budget to open an additional 270 beds at the Pitchess Detention Center (South Facility-North Annex) beginning October 1, 2007. This increase in appropriation is funded with \$1.7 million in new revenues from the Sheriff's Department and a \$1.7 million transfer from the Nondepartmental Special Accounts budget unit. We are also recommending \$0.5 million to be set aside in the Provisional Financing Uses

budget unit to address fifty-percent (50%) of the balance of the annual cost of opening the additional 270 beds.

- Probation Department The FY 2007-08 Adopted Budget set aside \$13.6 million in the Provisional Financing Uses budget to address the remaining components of the Probation Department's priority-phased comprehensive unmet needs request. We recommend that \$8.0 million of the amount set aside be transferred to a general fund designation for the Probation Department to allow the department to establish a hiring and restructuring plan to address potential Department of Justice issues. At this time, we are recommending that the remaining amount of \$5.6 million in Provisional Financing Uses be redirected to address other high priority budget needs.
- Enhanced Specialized Foster Care Mental Health Services Plan (Plan) Reflects appropriation and revenue increases for the Departments of Children and Families Services and Mental Health for the Enhanced Specialized Foster Care Mental Health Services Plan. This program is a result of the Katie A. lawsuit and reflects improvements proposed by the County to better serve children with mental health needs. The Plan adds 181.0 budgeted positions: 72.0 to the Departments of Children and Family Services, and 109.0 to the Department of Mental Health. The net cost of implementing the Plan is estimated to be \$23.3 million. We recommend financing the Plan from funds set aside in the Nondepartmental Special Accounts and Provisional Financing Uses budget units along with funds in the Department of Children and Family Services (MacLaren) designation.
- Children and Family Services Assistance Rate Increases Reflects a \$6.4 million net cost increase resulting from a five-percent (5%) rate increase for the Foster Care, KinGAP and Adoption Assistance Programs. We recommend that these increases be financed with reserves from the Nondepartmental Special Accounts and the Provisional Financing Uses budget units.
- Senior Nutrition Programs Reflects a \$0.8 million net cost increase that will
 enable the Department of Community and Senior Services to enhance and
 maintain nutritional services for seniors in a congregate setting and provide
 home-delivered meals to home-bound seniors. There are six-hundred (600)
 seniors currently on the waiting list.
- Self-Help Legal Access Center Reflects a \$0.5 million net cost increase to supplement funding for the Department of Consumer Affairs' Self-Help Legal Access Centers throughout the County.

- Child Support Enforcement Reflects a \$0.5 million net cost increase to leverage \$1.5 million in State and federal funding to implement a criminal prosecution project. The project aims to increase enforcement against parents who are the most delinquent in their child support payments.
- Revenue Adjustment Slower than anticipated economic growth has led my office to reevaluate amounts included in the FY 2007-08 Adopted Budget for Proposition 172 sales tax and State Realignment VLF. This change coupled with the County's conservative budgetary approach has led us to recommend a \$43.1 million reduction in these revenues sources. We recommend closing the \$43.1 million gap with a \$23.1 million reduction in general fund appropriation and a \$20.0 million increase in interest revenue from the County's treasury pool.

Revenue Offset Funding

The following are major program changes to the Adopted Budget that we are recommending where appropriation increases are offset by a variety of revenue sources and results in no increases in net County cost:

- Additional Custody Expansion Reflects appropriation and revenue increases
 of \$4.1 million to open an additional 252 beds at the Pitchess Detention Center.
 The adjustment, along with the one above, will open a total of 522 additional
 beds at the Pitchess Detention Center.
- Traffic Safety Education Reflects appropriation and revenues increases of \$2.4 million for the Sheriff's Department to provide traffic safety and education in the forty (40) contract cities for which the Sheriff provides traffic enforcement services.
- State Parolees Reflects appropriation and revenue increases of \$3.2 million for the Sheriff's Department to provide movement and security of State parolees during parole revocation hearings at County custody facilities.
- Title IV-E Child Welfare Waiver Capped Allocation Demonstration Project Reflects appropriation and revenue increases of \$67.8 million for the Department of Children and Family Services to implement the waiver for the County. This adjustment is needed to reflect the capped waiver allocation, additional State revenues and increases in foster care costs.

- Mental Health Short Doyle Settlement Reflects appropriation and revenue increases of \$15.9 million for the Department of Mental Health. The Medi-Cal settlement will allow the Department to reimburse mental health services contract providers for unpaid claims.
- Mental Health Foster Care Services Reflects appropriation and revenue increases of \$23.1 million for the Department of Mental Health for the mental health portion of the countywide Enhanced Specialized Foster Care Mental Health Services Plan. This program is a result of the Katie A. lawsuit and reflects improvements proposed by the County to better serve children with mental health needs.
- Mental Health Services Act Community Services and Support Plan Reflects appropriation and revenue increases of \$14.2 million for the Department
 of Mental Health to provide spending authority for various programs and services
 related to the Community Services and Support Plan component of the
 Mental Health Services Act.
- Mental Health Services Act Community Services and Support Plan -Reflects appropriation and revenue increases of \$12.5 million for the Department of Mental Health to initiate the planning and development activities necessary to implement the information technology component of the Mental Health Services Act.
- Probation Caseload Reduction Reflects appropriation and revenue increases
 of \$5.0 million for the Probation Department to align caseload sizes with service
 needs and to enable more effective delivery of evidence-based services regional
 placement, aftercare placement, intensive gang supervision and special
 enforcement programs.
- Cash Assistance Program for Immigrants Reflects appropriation and revenue increases of \$3.4 million for the Department of Public Social Services to address projected changes in caseload.
- CalWORKs Reflects an appropriation and revenue increase of \$7.0 million for the Department of Public Social Services for projected cost increases for direct provider payments under Stage I Child Care Program (\$4.0 million) and transportation payments under the Welfare-to-Work Transportation Program (\$3.0 million).

Ministerial Changes

The following recommended changes reflect transfers between budget units or the redirection of existing appropriation and revenues within a budget unit and generally have no net affect on appropriation. Outlined below are some of the major adjustments we are recommending:

- Mental Health Service Reductions Reflects a \$14.8 million yet to be identified reduction in services for the Department of Mental Health as result of projected reductions in both State Realignment Sales Tax (\$4.0 million) and VLF (\$10.8 million) revenues. The Department of Mental Health is currently in the process of identifying specific curtailments to its FY 2007-08 Adopted Budget and recommended curtailments will be submitted to the Board by December 2007.
- Custody Medical Services Reflects adjustments in appropriation to the Medical Services Phase III funding allocation within the Sheriff's Custody budget. This adjustment is aimed at improving medical care at the Pitchess Detention Center (South Facility-North Annex).
- Probation Extraordinary Maintenance Reflects the transfer of \$8.3 million of one-time funding from the Provisional Financing Uses budget unit to the Extraordinary Maintenance budget for a variety of projects within the Probation Department.
- Capital Projects/Project and Facility Development Fund Transfers funding between various projects, to cover cost increases or address changed priorities, which have no net effect on appropriation.
- Long Beach Courthouse Transfer Reflects changes in appropriation offset by revenue changes for various budget units related to the transfer of the Long Beach Courthouse from the County to the State as approved by your Board on June 19, 2007.
- Treasurer and Tax Collector Transfer one-time funding of \$5.0 million from the Treasurer's operating budget to the Designation for Treasurer and Tax Collector Warehouse to be used to finance the purchase of a warehouse for the Public Administrator/Public Guardian.
- Children and Family Services Procurement On August 8, 2007, on motion by Supervisor Antonovich, as amended by Supervisor Yaroslavsky, the Board instructed my office to examine the possibility of creating a permanent

Administrative Services Manager (ASM) III position to oversee the Department of Children and Family Services' Procurement Section and report back in time for consideration of the FY 2007-08 Supplemental Budget in September. Based on our review, we have included as part of the Supplemental Budget, the reclassification of an existing budgeted and vacant ASM II position currently assigned to the Procurement Section to an ASM III to oversee the operation. The additional costs associated with this action will be absorbed within the Department's existing appropriation authority.

• Countywide Youth Employment Program - Reflects the addition of 524.0 ordinance only positions in various County departments in order to implement the Countywide Youth Employment Program.

Department of Health Services (DHS)

The Supplemental Change recommendations reflect a total net budget for DHS of \$3.5 billion with 21,467.0 budgeted positions and \$816.9 million in net County cost (NCC). Adjustments included in the DHS Supplemental Change recommendations decrease the use of funds from the Enterprise Fund Designation by \$30.5 million, in accordance with available fund balance as of FY 2006-07 year-end closing for DHS. The Supplemental Change recommendations also reflect an additional \$136.1 million in NCC, related to the Managed Care Rate Supplement, consisting of \$64.7 million from the Designation for Health Future Financing Requirements for payment of the Intergovernmental Transfers that enable DHS to receive federal matching funds for the Managed Care Rate Supplement, and \$39.2 million from the Tobacco Settlement Designation and \$32.2 million from the Designation for Health Future Financing Requirements, to offset lower than budgeted revenues from this funding stream, based on the most recent discussions with the State and federal governments. recommendations also reflect an additional \$10.9 million from the Tobacco Settlement Designation to address a projected shortfall in Vehicle License Fee revenues, for no net change in NCC.

The Supplemental Change recommendations also reflect:

 Net revenue increase of \$57.2 million, primarily related to Medi-Cal Physician revenue increases of \$30.7 million, Medi-Cal Disproportionate Share Hospital revenue of \$25.4 million and Section 1011 revenue of \$6.9 million, partially offset by a \$5.6 million projected decrease in Medicare revenue and a \$0.2 million decrease in insurance revenue.

- Net increase of \$28.0 million and 357.0 budgeted positions, primarily to reflect the addition of 52 beds at Rancho Los Amigos National Rehabilitation Center (RLANRC) and 20 beds at Harbor-UCLA Medical Center for increased inpatient services as a result of the initial census reduction and subsequent closure of inpatient services at Martin Luther King, Jr.-Harbor (MLK-H) Hospital. This also includes provisions for private hospital contractors that will provide health care services during the fiscal year. These increases are partially offset by savings realized in the Southwest Network included in these Supplemental Change recommendations, and savings already recognized in the FY 2007-08 Adopted Budget.
- Increase of \$3.2 million in net appropriation fully offset by LA Care grant funding and 10.0 budgeted positions for implementation of various programs and services, including a satellite nursing campus for the College of Nursing and Allied Health at Olive View-UCLA Medical Center; optometry, endoscopy, and program management services at LAC+USC Medical Center; interpreter call center services at RLANRC, and ambulatory care services enhancement at Harbor-UCLA Medical Center approved by your Board on June 12, 2007.
- Net decrease of \$0.5 million related to continued operation of the Medical Hub clinics at DHS facilities, resulting from an increase in appropriation of \$1.7 million and 17.0 budgeted positions, offset by projected net revenue increases of \$2.2 million. The net revenue increase includes an increase of \$0.5 million to offset the increase in nursing salary costs for previously budgeted positions that were included in the FY 2007-08 Adopted Budget.
- Net increase of \$20.6 million in the overall system cost of pharmaceuticals due to the fact that the hospital outpatient facilities (i.e., comprehensive health centers and health centers) are no longer able to access federal 340B pricing for pharmaceuticals. An increase of \$25.9 million is partially offset by increased Medi-Cal Cost-Based Reimbursement Clinics revenue of \$5.3 million.
- Net decrease of \$4.2 million in Health Services Administration and 11.5 budgeted positions to reflect various budgetary adjustments. Position adjustments are primarily attributed to a reduction in human resources and information technology budgeted positions, and restoration of staffing for outpatient psychiatric services at LAC+USC Medical Center, pending completion of the analysis for the transfer of services to the Department of Mental Health. Adjustments also reflect elimination of partial positions, the reduction of \$0.1 million and 1.0 budgeted position for various salaries and employee benefits and services and supplies

costs transferred to the Department of Public Health, and other minor corrections.

- Net increase of \$5.2 million for program and other changes, primarily consisting
 of salaries and employee benefits increases to reflect Board-approved
 reclassifications of information technology and respiratory care positions, and to
 reflect CEO Classification/Compensation position allocation changes. Also
 reflects the addition of 9.0 new budgeted Health Care Interpreter positions for
 DHS hospitals, fully offset by the reduction of other vacant positions.
- A net decrease of \$30.5 million due to reduced use of designation to reflect actual fund balance available for the 2007-08 Supplemental Budget.

As part of the FY 2006-07 closing, \$18.1 million in unspent funds, including \$0.5 million from the Department of Public Health, reverted to the Tobacco Settlement Designation, as consistent with your Board's policy regarding unspent Tobacco Settlement funds.

Also in FY 2006-07 closing, DHS identified a \$17.7 million surplus, which increased the balance in the Enterprise Fund Designation to \$135.3 million. The use of \$165.5 million of the Designation was previously approved by your Board in the FY 2007-08 Adopted Budget. The reduced total use of \$135.0 million for the Supplemental Budget would leave a revised available balance of \$0.3 million.

Department of Public Health (DPH)

The DPH's Supplemental Change recommendations reflect various program changes that are primarily revenue offset. Public Health's budget request includes a yet to be determined \$1.9 million appropriation reduction that offsets a \$1.9 million projected reduction to the Department's share of State Realignment VLF revenue. In separate adjustments included in the Supplemental Change recommendations, a NCC increase of \$0.5 million is reflected for DPH that consists of an increase of \$0.7 million, as a match for federal funds, to retain 20.0 Public Health Nurse positions for the Health Care for Program Children in Foster Care, an increase of \$0.1 million transferred from DHS for various salaries and employee benefits and services and supplies costs, and a decrease of \$0.3 million related to other salaries and employee benefit changes.

The Supplemental Change recommendations also reflect:

- A decrease of \$9.5 million in revenue from the California Department of Health Services for the Child Health Outreach, Enrollment, Utilization and Retention program as a result of the State budget elimination of funding for health coverage outreach and Medi-Cal/Healthy Families enrollment services, resulting in the reduction of 5.0 budgeted positions, \$0.3 million in associated salaries and employee benefits appropriation, and \$9.2 million in services and supplies appropriation.
- Increased program costs of \$5.7 million, fully offset by State and federal revenue, for substance abuse services administered by DPH's Alcohol and Drug Programs Administration.
- Increased program costs of \$1.2 million, fully offset by State and federal revenue, for DPH's Public Health Laboratory and the Pandemic Influenza Preparedness, Bioterrorism, Immunization, and Injury and Violence Prevention Programs.
- A net increase of 1.1 budgeted positions, fully offset by a transfer of NCC from DHS, State and federal revenue, and/or decreases in services and supplies appropriation.

SPECIAL FUNDS - SPECIAL DISTRICTS

Services and programs provided by Special Funds and Special Districts are generally financed by sources other than the General Fund. Revenue resources include State and federal subventions, property taxes, fines and forfeitures, fees and operating revenues. Below are the significant changes we are recommending to your Board:

- Fire Department Supplement the Designation for Capital Projects by \$56.2 million for infrastructure growth within the Fire Department.
- Fire Department Del Valle Accumulated Capital Outlay Fund (ACO) Reflects \$4.1 million in additional Homeland Security grants for fixed assets emergency equipment.
- Fire Department Helicopter ACO Fund Reflects changes in appropriation necessary for the purchase of a new helicopter for the Fire Department.

- Marina Replacement Accumulated Capital Outlay Fund Reflects the transfer of \$4.9 million from the fund's services and supplies appropriation to its other charges appropriation for the purchase of parcels 44 and 77 in Marina del Rey.
- Health Services Measure B Fund Reflects the transfer of \$9.3 million from the fund's appropriation for contingency to other charges to be used as an intergovernmental transfer to draw down federal Medi-Cal matching funds for patient care.
- LAC+USC Replacement ACO Fund Reflects a \$38.4 million increase in fixed assets (equipment) appropriation offset by a reduction in appropriation for contingency (\$6.6 million) and a designation cancellation (\$31.8 million).
- Vehicle Gap Loan Fund Reflects a net increase of \$2.0 million in carryover adjustments to account for lower than anticipated expenditures in FY 2006-07.
- Mission Canyon Landfill Reflects a carryover adjustment of \$7.4 million for maintenance activities at the Mission Canyon Landfill.
- Public Library Reflects a transfer of \$0.3 million in anticipated FY 2007-08 operating budget savings to the Capital Projects/Refurbishments Budget for construction of the new La Crescenta library.
- Asset Development Implementation Fund Reflects an increase in appropriation to recognize the cancellation of a prior-year designation and increased revenue.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Funding Agreement Authorization

The proposed \$1.1 million funding agreement is necessary to complete a fund transfer of capital project funds from C.P. 77492 (Santa Monica Mountains Land Acquisition) to the National Park Service for acquisition of open space in Upper Solstice Canyon.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Adoption of these recommendations will allow your Board to:

- Realign and appropriate funding based upon the necessary accounting adjustments between the estimates contained in the FY 2007-08 Adopted Budget and actual operating results of FY 2006-07.
- Provide sufficient appropriation to implement programs or changes due to refined revenue projections and identified needs.
- Make miscellaneous adjustments to various funds.

GENERAL FUND CAPITAL PROJECTS/REFURBISHMENTS

Capital Projects

1. Approve a General Fund appropriation adjustment totaling \$114,211,000 that reflects a carryover adjustment off-set with revenue and allocations of prior year departmental savings totaling \$8,207,000 to various capital projects. Major capital projects/refurbishments include: \$9,917,000 for the Biscailuz Center Training Academy Improvements, \$5,000,000 for spay and neuter clinics at the Carson, Lancaster, and Baldwin Park Animal Shelters, and \$2,050,000 for Fuel Tank Replacement and Refurbishment at various County sites.

Extraordinary Maintenance

2. Approve a General Fund appropriation adjustment totaling \$23,105,000 that reflects the carryover of unexpended FY 2006-07 appropriation based on year-end closing figures and an allocation of one-time funding to the Extraordinary Maintenance Budget for waterline replacement and upgrades, infrastructure repairs, and Probation facility repairs.

Project and Facility Development

3. Approve a General Fund Appropriation Adjustment totaling \$40,545,000 that reflects a net decrease in carryover adjustments to reflect the transfer of appropriation for the hospital replacement project at LAC+USC medical center.

GENERAL FUND/HOSPITAL ENTERPRISE FUNDS

CARRYOVER CHANGES

Approve General Fund appropriation adjustments to transfer funding from the Appropriation for Contingencies budget to the following budget units:

- 4. **Community and Senior Services** \$2,100,000 for maintenance and repairs of community and senior service centers throughout the County.
- 5. **Agricultural Commissioner/Weights and Measures** \$425,000 for the anticipated settlement of a liability case against the department.
